ELLIOT HILDNER

Sports Product Design & Mechanical Engineering

Portland, Oregon | hildner.elliot@gmail.com | 971 - 344 - 7424 | www.linkedin.com/in/elliot-hildner

Sports Product Design graduate student at the University of Oregon with a Mechanical Engineering degree {Product Design & Manufacturing Pathway} from Oregon State University. Focused on designing innovative sports equipment and footwear through engineering, human-centered design, and manufacturing.

WORK EXPERIENCE

Production Engineering Intern **June 2024 - September 2024**
Ascentec Engineering

- Operated and maintained an Okuma 4000 Horizontal CNC machine to produce high precision aluminum parts for semiconductor and aerospace applications.
- Learned assembly procedures and process documentation to streamline production.
- Collaborated with cross functional teams to optimize manufacturing workflows.
- Assisted with troubleshooting and resolving basic manufacturing issues.

Farm Maintenance/Production
Smith Berry Barn, family-owned sustainable agricultural business **May 2019 - Present**

- Designed, planned, and constructed various farm structures, including fences and outbuildings.
- Managed the harvesting and sales of field-grown vegetable crops.
- Operated and maintained heavy farm equipment, including tractors, mowers, etc.
- Balanced early-morning harvesting duties with full-time retail responsibilities during peak seasons, up to 7 days per week.

Cashier/Customer Service **May 2017 - Present**
Smith Berry Barn, family-owned sustainable agricultural business

- Operated point-of-sale system with exceptional accuracy, in a high stress environment.
- Effectively collaborated with managers to ensure a well run work environment.
- Played an integral role in the adaptation of the business from an in-store experience to an online experience during Covid-19. Managed high school online curriculum while working full-time.
